

FRIEDMAN FARMS OUTSIDE CATERING

Grico's and Cork Restaurant are our preferred caterers, however, Friedman Farms welcomes all outside caterers to cater weddings at a couple's request.

There is an additional charge of \$900. (only when not using one of our caterers)

While the wedding couple is our main concern, we have a standard of making sure we maintain a clean environment at the Farm.

For this reason we do have a short list of requirements for outside caterers:

1. The caterer must contact Shawn a week prior to the wedding to go over the location of set up and or any needs they may have.
2. The caterer must provide staff members to clean up throughout the night, which includes: cleaning off tables and all areas of the Barn from dishes, glasses, utensils etc and removing garbage throughout the night before they get too full.
3. At least one member of the catering staff and one bartender must agree to stay for the full duration of the night, even if extra time is added to insure clean up and garbage removal to the dumpsters before they leave. **\$150 will be deducted from your security deposit if a bartender and someone from catering does not stay until the end of the wedding to clean up.**
4. Catering area under the tent must be clean and all lights shut off at the end of the night.
